Thursday 22 July 2021
16:00 - 18:00 (EEST) - Online - Virtual workshop - DigiCulture project and Courses

Registration
https://upt-ro.zoom.us/webinar/register/ WN_61mGKYOsQBCgL5OhMeiugQ

Live on Facebook https://www.facebook.com/events/532825014798473

The workshop will present the 13 courses developed within the Erasmus + Digital Culture project - Improving the Digital Competences and Social Inclusion of Adults in Creative Industries, but also the open digital certificates awarded after completing these
courses. This workshop will take place in Romanian.

19:00 (EEST) - **Netties Conference Opening & Art Exhibition**
Location Triade Foundation, Calea Martirilor No 51/45, Timisoara

”Light clarity avocado salad in the morning”, curated by Horațiu Lipot, exhibiting 20 emerging artists: Andrei Arion, Ana Avram, Anca Barjovanu, Traian Chereches, Lorena Cocioni, Otto Constantin, Florina Dragus, Matei Dumitriu, David Farcas, Luca Florian, Adela Giurgiu, Marius Ghita, Gwen, Raisa Hagiu, David Horvath, Nicoleta Mures, Andrei Pitut, Abel Rad, Ioana Stanca, Alexandra Tudosia

*Presentations: Sorina Jecza, Andrei Jecza, Horațiu Lipot, Radu Vasiu, Florin Dragan, Diana Andone*

”Light clarity avocado salad in the morning” is an exhibition that includes 20 emerging artists - being younger than Jesus - from all four major universities in Romania, carefully selected by Horatiu Lipot, a young curator himself. The exhibited works are using a variety of mediums and situations: ”Today, art seems to offer an imaginary and much-needed anchor - a practice of the proliferation and manifestation of the human touch, observed either by accentuating the action or by contrast, in the lack of gesture.” (Horațiu Lipot)

**Celebrating 25 years of Multimedia Centre in Politehnica University of Timisoara**

The **Multimedia Centre** resulted from the merger in 2004 of three separate centres CIMAD (Open Access Multimedia Learning Centre, established in 1996), CTE (Centre for Learning Technologies, established in 1998), and LTE (Laboratory for Testing Electronic Equipment, established in 1998). The original Centres were created as a result of the EU TEMPUS DRUM and TEMIS Programs developed with partners from seven EU countries.
The Multimedia Centre initiated, developed and now offers full support for academic programmes in Multimedia:

- Multimedia Bachelor Degree (since 1998)
- Master of Science in Multimedia Technologies
- Master in Communication, Public Relations and Digital Media

The main activities of the Multimedia Centre (CM) are to provide expertise, education and research for the application and use of technology in the contexts of information, communication and knowledge, with over 30 International projects and cooperation with universities and companies from 4 continents. In the Multimedia Centre 15 PhD theses have been completed, several books and hundreds of papers published, over 15 international conferences and workshops have been organised (among the most important were TEMIS 1998, NETTIES 2006, 2010 IADIS WWW, 2010 IADIS CELDA, 2010 IADIS AC, SLERD- NETTIES 2016, ICALT 2017), 4-5 multimedia seminars held yearly as interaction with research centres and companies from across Romania and EU.

Since June 2014, the Multimedia Centre organises, yearly, IDMSC - International Interactive Digital Media Student Contest - open to students and youngsters, with a strong involvement from industry representatives.

Digital Culture - Improving the Digital Competences and Social Inclusion of Adults in Creative Industries

The Erasmus+ project created a sustainable and efficient education program dedicated to adult learners with low digital skills and low-qualified adults involved in the creative industries sector from Romania, Italy, Austria, Denmark, Lithuania, UK and Ireland. The main outcomes include the Digital Skills and Social Inclusion for Creative Industries MOOC Courses available online and through blended learning, the Integrated Virtual Learning Hub including an innovative mobile app aimed at low-skilled and at-risk adults, the Digital Skills e-assessment tool and Open Badges for Digital Skills. Together they provide important new opportunities for low-skilled adults to access knowledge, gain new digital skills and intercultural competences and improve their chances of finding employment or performing better in their current employment.

The 13 modules of the ‘Digital Skills and Social Inclusion for Creative Industries and Culture Course’ created in the project can be found at https://digiculture.eu/en/courses/ and are:

- The Internet, World Wide Web and Introduction to the Digital World
- Digital Content and Publishing
- Data Protection and Open Licenses
- Digital Curation - Digital Libraries and Museums
IAFeS

The International Association for eScience / Internationaler Verein für eScience (IAFES) operates worldwide, with an emphasis on international collaboration. It is based in Vienna (Austria, Europe).

The association, which is a non-profit making body aims:

- to promote the development, education and research in the area of eScience, including
  - Information and communications technology (ICT)
  - telecommunications
  - e-learning
  - e-media
  - e-culture …
- To support young researchers in these areas
- To offer an exchange platform for experts
- To offer a platform for international co-operation

Politehnica University of Timisoara (UPT)

Politehnica University of Timisoara (UPT) celebrates in 2020 its first century of academic excellence. Established in November 1920, shortly after Romania’s Unification, by Royal Decree of King Ferdinand I, it is the first higher education institution in West Romania, in Banat region. For 100 years, it has been an outstanding and modern university with a well deserved reputation for excellence. The excellence is based on the academic programmes, the research and the support given to the students. The employability and employment record of our students are recognized worldwide and the physical environment of the University is highly appreciated. At present, UPT has 10 faculties with more than 15,000 full-time students and over 130,000 graduates.

The university established a number of centres, such as: the Multimedia Centre, the Centre for Continuing Education and the eLearning Centre (CEL). CEL has developed and is supporting the innovative open online environment ViCaDiS – a Virtual Campus for Digital Students, dedicated for international open courses, virtual mobilities and online training courses for industry.

The Interart TRIADE Foundation was founded in 2000, as an independent legal entity, under private law, with the sculptor Peter Jecza as its founder. From the very beginning, the foundation aimed to study and promote artistic values at national and international level and to mediate art, by promoting artistic education, developing the public and improving the climate of intercommunication at the social level.
